

Community Preparedness Survey

The Potter County Department of Emergency Services, along with the Potter County Commissioners and MCM Consulting Group, are working to update the Potter County Hazard Mitigation Plan.

Hazard mitigation planning reduces loss of life and property by minimizing the impact of disasters. It begins with state and local governments identifying natural disaster risks and vulnerabilities that are common in their area. Having a mitigation plan will increase awareness of hazards, risk, and vulnerabilities, identify actions for risk reduction, focus resources on the greatest risks, communicate priorities to local, state, and federal officials and increase overall awareness of hazards and risks.

Public participation in the hazard mitigation plan update process is very important! We are asking interested members of the community to please complete the survey monkey below and offer your input:

<https://www.surveymonkey.com/r/Potter2024CommunityPreparedness>

If you have any questions, please feel free to contact the Potter County DES at 814-274-8900 Ext 555 or email pcema@pottercountypa.net

Thank you for your time, attention, and participation in this important matter.
